Re: U.S.A. v. Franklin P. Tyson, et al.
Civil Action No. 84-2663

Dear Mr. Donovan:

We understand that the Environmental Protection Agency has produced a further study with respect to the clean-up of Tyson's Dump, entitled "Concept Design Analysis," by SRV Associates, Inc. of August 1985.

We would appreciate having a copy of same and, obviously, are willing to pay the cost of reproduction.

Very truly yours,

Michael H. Malin
